03. May - FSR ISE Team-Building Trip

The student council set off on a team-building trip to Wisseler See over the weekend. Setting off Friday afternoon, the group of 16 made its way through the countryside of Xanten to a house near the lake.

The time spent there was filled with laughter and barbeque and learning as the bond between the members tightened. Newer members also had the chance learn more about university politics.

All in all it was a thoroughly wonderful experience and one that will hopefully be a staple for years to come. To be part of this tight-knit student council don't forget to sign up next semester! ;-)

31. May - Bollywood Party

The Bollywood Party was back with a bang! The party raged on, with Indian music filling the night sky and Indian drinks filling the stomachs of the party's patrons.

People danced and drank and had plenty of fun, and it's looking like Bollywood Party will be back for a third time next year!
