19. June - Neon Party #3 2019

So, where should we begin? First and foremost, Neon Party #3 was a blast. Good music, alcohol and a night packed with dancing and drama - what more could you ask for?. The AstA Keller was packed with students by midnight. All were dancing and singing to the songs played by our great DJ, Samir. The bar was active, dishing out drinks all night long. For those who stayed till the very end, we suppose that you were at the edge of your seat at those dramatic scenes or well, too busy drinking and dancing to care about the rest. There were some mishaps during the party, but then again, which party doesn't. It all culminated in an amazing party, and we find ourselves eagerly looking forward to Neon Party #4 2020. Photos found [here](#).

Vierkampf ISE - Flip Cup Tournament

Vierkampf is an annual competition between Fachschaften in BB - EIT, Nano, Medi and ISE)! This year, we've held the fourth and final tournament - Flip Cup. ISE came out ahead in Flip Cup but unfortunately could not retain the Vierkampf title. This year's Vierkampf belongs instead to Nano!

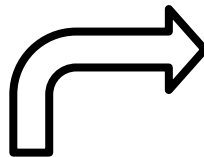

About Last Month

28. June - Campusfest

The burger stall present at the Campusfest, prepared by Maschinenbau and FSR ISE, was subject to a lot of controversies. This Campusfest was under the concept of sustainability. We tried to stick to the sustainability concept by getting bio meat but there was a really long discussion about whether meat is sustainable or not. At one point the stall was cancelled, only to be brought back a day before the actual event. As many of you can imagine, this caused chaos, as we had to prepare everything for the next day. But luckily, everything went smoothly, the students were able to wolf down delicious burgers as they enjoyed the Campusfest.

Upcoming Events

19. July - Study Night

We are sad to say so, but exams are now knocking at our door fellow students. FSR ISE is organising a study night on the 19th of July on two of the second semester subjects, which students usually have trouble with. It is an opportunity to have your last minute questions answered by the tutors present. So far we have tutors for Mechanics 2 and Static and Stationary Fields (SSF). We are trying to find tutors for Maths 2 as well but this is not set in stone. There will be small snacks provided as well.

03. July - E-Team Roll-Out

After a long preparation time and intensive work phase, the time has come. The E-Team is inviting you all to their roll-out on 03, Juli at 16:30! They will be presenting their new racing car, A40-03 Beta, on the Campus Duisburg.

Location: Hörsaal LA 00344, Lotharstraße 63, 47057 Duisburg

FACHSCHAFTSRAT ISE BRINGS YOU

STUDY NIGHT

Mechanics2 and Static and Stationary Fields

JULY 19, 2019 | 5PM – 9PM
LK 051, 052, 053

An opportunity to have your last minute questions answered by tutors! Free snacks available to those attending.

News

Application phase scholarship

The [UDE scholarship](#) is part of the German Scholarship and awards students of the University of Duisburg-Essen with 300 € per month for their outstanding achievements. The funding period is always for one year and starts in October. The application period is from the 14. June to the 10. July 2019.

Exams Reminder

Exams are coming up, and we here at FSR ISE wish you the best of luck! Study hard, but don't let yourselves burn out. And don't forget to deregister for any exams you don't wish to take.

Our Job Portal

Did you know we had a job portal? Well, we do. If you're looking for some cold hard cash or some valuable experience, we can help you! Head on over to our [Facebook job portal](#) and help yourself to the various job listings there.

Re-registration for Winter Semester 2019/2020

For you who are planning to continue to study in UDE this Winter Semester, don't forget to re-register until 30.08.2019 by paying the social and student contributions. More details on the payment can be seen in your email. We hope to see you again next semester!
